Re: Effective Date for M.U.S.T. Training Module Completion

Dear Program Administrator:

Please be advised that effective April 1, 2011, Severstal Dearborn will implement its previously communicated training requirement for all contractors enrolled in the M.U.S. T. program conducting work at the Severstal Dearborn plant. Completion of this requirement must be done prior to this date.

The additional Contractor Safety Review Requirements for Severstal Dearborn communicated in the August 19<sup>th</sup> letter that is posted on your website have been finalized to include satisfactory completion of the 18 M.U.S.T. Online Learning Modules.

These safety modules by PureSafety that are based on topics from the OSHA 30 Hour Outreach Training Program will be required for all contractor employees to work at Severstal Dearborn. Severstal Dearborn is continuing to work to establish increased safety awareness and improvements for acceptable safety performance.

Your assistance in our improvement strategies for safety awareness training and ensuring our drug-alcohol free workplace is greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Jack Skidmore", written over a horizontal line.

Jack Skidmore  
Manager,  
Severstal Dearborn Safety & Fire Protection
